A Message from the Wellesley Health Department

Please continue to check this web site for updated information:

www.wellesleyma.gov/health

There are currently no seasonal or H1N1 flu clinics scheduled. Clinics will be scheduled as soon as adequate amounts of vaccine become available from the federal government.

Wellesley Health Department distributed its supply of seasonal flu vaccine and H1N1 flu mist (nasal) vaccine at clinics held last week. Additional H1N1 and seasonal flu vaccine is anticipated, and will be offered to the community as soon as it is received. In addition, the Health Department has begun vaccinating children with underlying medical conditions at the Middle and High School, and will canvass the elementary schools soon.

Future clinic dates will be announced in the Townsman, Boston.com/Wellesley, on the Wellesley Channel, theswellesleyreport.com, key locations around town, and on its website www.wellesleyma.gov/health
